Cyclones.

St. Louis, 29.—Dispatches from Waco and other places in Texas to the Associated Press say: The cyclone of Friday last was very severe throughout a large section of the state west and northwest of Fort Worth and Dallas. The Missouri Pacific station house near Milanor junction was destroyed and one of the hands killed. A school-house at Mount Vernon was destroyed and three children were injured. Another school at McGregor was blown down and nine children were seriously wounded. At Rock Church, the house of Cliff Brannan was demolished and himself and wife were killed, one child blown several hundred yards and his three other children could not be found. William Scott and a man named Mitchell living in the same neighborhood were killed and two old ladies named Graves and Donnan were badly wounded the former fatally. Houses, fences and everything movable in the track of the storm were destroyed or blown away. Mrs. Diamond was killed and her daughter fatally injured near Pellon. An immense quantity of hail fell on the outskirts of the storm, many of the hailstones being literally chunks of ice, some five inches in diameter.

Galveston, 29.—News-Benton special: At four this afternoon a terrible storm swept four miles north of here tearing down houses and demolishing everything. Four persons are reported killed. Of seven seeking refuge in a church two were killed and four are not found. The loss is unascertained.

New Orleans, 29.—Times-Democrat's Arica, La. Yesterday afternoon this vicinity was visited by the heaviest hail storm ever known. Foliage was stripped and stock killed. Great damage was done to crops. The track of the storm was over four miles wide. The ground was covered with hail stones. Times-Democrat's Hammond special: There was a severe wind and hail storm from the northwest yesterday evening doing considerable damage. The colored Methodist church was entirely demolished. Trees were blown down in every direction, fences blown down and many panes of glass broken in almost every house. There were thousands of dollars of damage to farmers whose crops were entirely destroyed by hail stones almost the size of marbles, and one and a half inches in circumference.

New Orleans, 30.—Times-Democrat Meridian, La., special: A terrible cyclone visited this parish, seven or eight miles above here, on Saturday evening from northeast to southwest. Length of the track, fifteen miles. The wind was of such terrific force that not a house, tree or any obstruction was left. Cabins and barns were utterly demolished, while rails from fences were blown for a mile. The quarters on S. J. Harrell's place were utterly demolished. Of forty acres of heavy timbered land not a tree is left standing. Fences on the place are blown away. Not a vestige of corn or fodder is left. Wm. Grubbs' place was badly damaged. Miss Youngblood was seriously and several children slightly hurt, several negroes were blown across a field and let uninjured. None was killed or mortally wounded, but few dwellings being directly in the track of the tornado.

Evidences of Ancients.

Collinsville, Ill., 29.—A few miles from this city an interesting and valuable archaeological discovery was made on the farm of Hon. J. R. Mill, where there is a group of ancient mounds. The find was made by McAdams, assistant state geologist, who dug up fifteen human skeletons, adults and children, male and female, most of them are in a good state of preservation, and he also found a large quantity of pottery, copper and stone ornaments and domestic and agricultural implements. Among the latter several flint hoes, which had evidently been used a good deal. Further excavation will be made.

The Tewksbury Horror.

Boston, 30.—The Tewksbury investigation was resumed this morning. Timothy Kellher had charge of the burials at Tewksbury most of the time since 1879. Cases which had contained bodies from the state prison were sold and the money given to Thomas Marsh Jr. About eight cases remained when he left last Saturday. He had sold about fifteen in all.

Fire.

Boston, 29.—The residence of Watertown, murderer of Mrs. Etta Carlton, was burned incendiary.

Chicago, 29.—To-day Brook's hotel, the Exchange Hotel, two churches and fourteen other buildings were demolished by fire. The town was nearly destroyed. Loss about \$50,000, but little insurance.

NO MATTER what may be the name, or how long standing the trouble, Dr. Benson's Skin Cure will always cure skin diseases. Grateful hundreds of cured patients attest this fact. \$1, at druggists.

Reconciled Royalty.

St. Petersburg, 30.—The Czar and Grand Duke Constantine, uncle of his majesty, have become completely reconciled through the mediation of Princess Dolgorouki.

Criminal Calendar.

Galveston, 29.—News' Brazoria special: Two convict guards, John Leonas and S. Boudreaux, attended the colored people's festival where a row occurred and both fired on Jim Wright, colored, nine shots with effect, Wright, running, turned and fired killing both.

Religious Riot.

Port Said, 27.—In a religious riot between Greeks and Arabs, several persons were killed and many wounded, including a number of police. British troops and sailors with Gatling guns surrounded the Greek church to protect it. The Greek consul took refuge on a gunboat.

SKILL IN THE WORKSHOP.—To do good work the mechanic must have good health. If long hours of confinement in close rooms have enfeebled his hand or dimmed his sight, let him at once, and before some organic trouble appears, take plenty of Hop Bitters. His system will be rejuvenated, his nerves strengthened, his sight become clear and the whole constitution be built up to a higher working condition.

The Irish.

Philadelphia, 29.—A committee has been appointed to wait on newspapers of this city to urge that a representative of the press of Philadelphia be sent to Ireland to investigate the true condition of affairs in that country in order to inform the people of the evils under which Irishmen were suffering.

London, 30.—In the Commons, on Saturday, Trevelyan stated that he believed a widespread conspiracy to murder existed in County Clare. Government, he said, hoped to bring the conspirators to justice.

Dublin, 3.—The testimonial which is being raised for Farnell has reached \$3,000.

London, 30.—A document containing charges against a dozen persons now in America, who are accused of murder in Ireland has been forwarded to Sackville West, British minister, Washington. Depositions will be lodged in the cases of five more alleged murderers. Secret negotiations are now proceeding between the British and American governments with a view to their extradition.
